INSPIRATION

Drawing inspiration from Traditional Chinese Medicine and Astrology, Ayurveda as well as Western conceptions of the elements, we designed glass shapes that would bring out that “element” in any wine style. Each glass is multi-purpose and can be used for red, white, rosé and even sparkling wines.

ELEMENT CURATOR

SARAH HELLER

MASTER OF WINE

When Sarah Heller, Master of Wine and Lucaris Crystal set out on a journey to create a new glassware range, we quickly realised that preferences in wine were highly personal. What is perfect for one person, situation or meal may not be so for another. Wine is also inherently complex, therefore trying to match each glass to each wine created more confusion than harmony.

CLEANING INSTRUCTIONS FOR DISHWASHER

Lucaris Crystal Stemware & Barware are commercial dishwasher safe. Proper cleaning and handling will ensure long lasting brilliance, clarity and enhanced natural beverage flavors.

It is always best to put similar-sized glasses together. This will improve stability and prevent abrasion among glasses, thus preventing breakage.

Thoroughly wipe-off residues like lipstick stains, before placing in the dishwasher.

Place glasses in the top rack.

Each rack should be distanced properly according to the height and width of the glasses. This will ensure stability during washing.

We recommend choosing a cycle with minimal heat and "glass friendly" dishwasher to wash the glasses.

Once the cycle has completed fully, open the door to allow the steam to escape and let the glasses cool naturally.

We recommend polishing glasses after removing from the dishwasher to eliminate unwanted water spots. Glasses should still be slightly damp for best results.

See Lucaris "Care Recommendations"

CARE RECOMMENDATIONS

1. Wash with warm water. Detergent and glass cleaner should not be used.
2. Leave glasses to drain for a while on a linen towel.
3. Steam glasses over boiling water for superior shine.
4. Use 2 micro-fiber crystal towels for polishing. Hold glass by base to polish the base.
5. Use left hand to cradle the bowl and polish it with your right hand. Never twist the base and bowl as this could lead to breakage
6. Your hands must always be clean. Keep paper towels within easy reach to encourage cleaning them.
7. Avoid breathing on the glass throughout the cleaning process.
8. Enjoy superb results!
